# WHY CHOOSE **MORTEX** PERFORMANCE OIL

At Mortex Lubricants, we don't just supply oils. We deliver engineered solutions that keep engines, machinery, and industries running at their peak. What sets us apart is our commitment to uncompromising quality, advanced formulations, and performance-driven innovation. Each product is developed with precision, using premium base oils and world-class additives to ensure durability, efficiency, and protection under the toughest conditions.

Beyond products, our strength lies in our service: timely deliveries, customized solutions for different market needs, and the flexibility to support both local and international clients. With Mortex, you gain more than a lubricant, you gain a partner dedicated to powering performance, extending equipment life, and ensuring reliability in every drop.

## **Quality Assurance**

At Mortex Lubricants, quality is not just a standard, it's a promise. Every product undergoes strict testing and inspection at every stage of production, from raw material selection to final packaging. We use advanced laboratories, modern equipment, and globally recognized testing methods to ensure that our lubricants meet and exceed international specifications such as API, ACEA, and OEM standards.

## **Expertise**

With years of industry experience, Mortex Lubricants has built a reputation as a trusted specialist in lubrication solutions. Our expertise lies in understanding the evolving needs of automotive, industrial, and commercial sectors, and developing products that deliver precision performance across diverse applications. Our team of skilled professionals, engineers, and technical experts continuously innovate to keep pace with global advancements in lubrication technology. From formulating premium oils to offering tailored solutions for unique operating conditions, we combine technical know-how with practical insight to ensure maximum value for our customers.

## **Customer Focus**

At Mortex Lubricants, our customers are at the heart of everything we do. We believe that true success lies in building long-term relationships by understanding and addressing the unique needs of every client. Whether serving large industries automotive workshops, or individual consumers we provide tailored solutions that ensure performance, reliability, and peace of mind.

Our commitment goes beyond supplying lubricants we offer technical support, after-sales service, and flexible supply options to match diverse requirements. By listening adapting, and responding with efficiency Mortex ensures that every customer receives not only premium products but also unmatched service and support.

## MOTOR OIL FULL SYNTHETIC

### SAE: 0W16 API SP

MORTEX 0W16 SP is a state-of-the-art full synthetic engine oil engineered to deliver superior fuel efficiency, outstanding wear protection, and enhanced engine cleanliness. Specially developed to meet the latest API SP standards, it provides excellent protection against low-speed pre-ignition (LSPI), sludge formation, and timing chain wear. Ideal for modern gasoline engines with turbochargers and direct injection systems.

**Recommended for use with:**

- VW 501.01/502.00/505.01
- MB 229.3/229.51
- ACEA A3/B4, C3-08
- BMW LL-04
- Porche A40

**AVAILABLE PACKS**

## MOTOR OIL FULL SYNTHETIC

### SAE: 0W20 API SP

MORTEX 0W20 SP is a state-of-the-art full synthetic engine oil engineered to deliver superior fuel efficiency, outstanding wear protection, and enhanced engine cleanliness. Specially developed to meet the latest API SP standards, it provides excellent protection against low-speed pre-ignition (LSPI), sludge formation, and timing chain wear. Ideal for modern gasoline engines with turbochargers and direct injection systems.

**Recommended for use with:**

- GM Dexos1 GEN3
- ILSAC GF-6A
- Chrysler MS-6395
- FORD WSS-M2C962-A1
- Ford WSS-M2C947-A
- WSS-M2C947-B1

**AVAILABLE PACKS**

## MOTOR OIL FULL SYNTHETIC

### SAE: 5W20 API SP

MORTEX 5W20 SP is a premium full synthetic engine oil formulated to deliver excellent fuel economy, low-temperature start-up protection, and superior engine cleanliness. Compliant with the latest API SP standards, it offers advanced protection against wear, oxidation, and low-speed pre-ignition (LSPI). Designed for modern gasoline engines, including those with turbochargers and direct injection, it ensures optimized performance, reduced emissions, and extended engine life.

**Recommended for use with:**

- ILSAC GF-6A
- Chrysler MS-6395
- Ford WSS-M2C945-A
- WSS-M2C945-B1
- Ford WSS-M2C930-A
- WSS-M2C960-A1

**AVAILABLE PACKS**

## MOTOR OIL FULL SYNTHETIC

### SAE: 5W30 API SP

MORTEX 5W30 SP is a premium full synthetic engine oil formulated to deliver excellent fuel economy, low-temperature start-up protection, and superior engine cleanliness. Compliant with the latest API SP standards, it offers advanced protection against wear, oxidation, and low-speed pre-ignition (LSPI). Designed for modern gasoline engines, including those with turbochargers and direct injection, it ensures optimized performance, reduced emissions, and extended engine life.

**Recommended for use with:**

- GM Dexos1 GEN3
- ILSAC GF-6A
- Chrysler MS-6395
- Ford WSS-M2C946-A, M2C946-B1
- M2C961-A1, M2C929-A

**AVAILABLE PACKS**

## MOTOR OIL FULL SYNTHETIC

### SAE: 5W40 API SP

MORTEX 5W40 SP is a premium fully synthetic engine oil formulated to deliver excellent fuel economy, low-temperature start-up protection, and superior engine cleanliness. Compliant with the latest API SP standards, it offers advanced protection against wear, oxidation, and low-speed pre-ignition (LSPI). Designed for modern gasoline engines, including those with turbochargers and direct injection, it ensures optimized performance, reduced emissions, and extended engine life.

Recommended for use with:

- VW 501.01/502.00/505.01
- MB 229.3/229.51
- ACEA A3/B4, C3-08
- BMW LL-04
- Porche A40

#### AVAILABLE PACKS

## MOTOR OIL SEMI SYNTHETIC

### SAE: 10W30 API SN

MORTEX 10W30 SN is an ultra-high-performance, semi synthetic engine oil formulated to deliver exceptional fuel efficiency and superior engine protection. Specially designed for modern gasoline engines, it offers outstanding lubrication even in extreme climatic conditions. Its advanced additive technology ensures excellent thermal stability, oxidation resistance, and superior sludge control, keeping engines cleaner and running smoother for longer.

Recommended for use with:

- ILSAC GF-6A
- Chrysler MS-6395
- Ford WSS-M2C945-A
- WSS-M2C945-B1
- Ford WSS-M2C930-A
- WSS-M2C960-A1

#### AVAILABLE PACKS

## MOTOR OIL SEMI SYNTHETIC

### SAE: 10W40 API SN

MORTEX 10W40 SN is an ultra-high-performance, semi synthetic engine oil formulated to deliver exceptional fuel efficiency and superior engine protection. Specially designed for modern gasoline engines, it offers outstanding lubrication even in extreme climatic conditions. Its advanced additive technology ensures excellent thermal stability, oxidation resistance, and superior sludge control, keeping engines cleaner and running smoother for longer.

Recommended for use with:

- ILSAC GF-6A
- Ford WSS-M2C945-A
- Ford WSS-M2C930-A
- Chrysler MS-6395
- WSS-M2C945-B1
- WSS-M2C960-A1

#### AVAILABLE PACKS

## MOTOR OIL HIGH PERFORMANCE

### SAE: 20W50 API SJ

MORTEX 20W50 SJ is a high-performance engine oil specially formulated for older gasoline engines and vehicles operating under tough driving conditions. Its robust mineral base and fortified additive system ensure excellent engine cleanliness, wear protection, and oil film stability. Ideal for high-temperature climates and heavy-duty use, it offers dependable lubrication, reduced oil consumption, and enhanced protection against sludge and deposits.

#### AVAILABLE PACKS

## DIESEL ENGINE OIL

### SAE: 15W40 API CK-4

MORTEX 15W40 CK-4 is a premium-quality diesel engine oil engineered for high-performance and heavy-duty diesel engines, including turbocharged and high-load applications. Formulated with advanced base oils and a robust additive package, it delivers superior protection against wear, soot, and deposits. Designed to perform under high temperatures and extended drain intervals, it ensures cleaner engines, reduced maintenance costs, and consistent performance across a wide range of operating conditions.

Recommended for use with:

- ACEA E7, A3/B3/B4
- MB 229.1
- MAN M3275-1
- Deutz DQC III-10
- JASO DH1
- Cummins CES 20076/20077/78
- Global DHD1
- MTU Type 2
- Allison C4
- Caterpillar ECF 1a, ECF 2
- DDC 93K215

**PROTECH**

#### AVAILABLE PACKS

## DIESEL ENGINE OIL

### SAE: 15W40 API CI-4/SL

MORTEX 15W40 CI-4/SL is a high-performance, heavy-duty diesel engine oil specially formulated to meet the rigorous demands of both diesel and gasoline engines. Blended with advanced base stocks and a cutting-edge additive system, it provides outstanding protection against engine wear, oxidation, and deposit formation. Ideal for high-load, turbocharged engines operating in extreme conditions, this oil ensures cleaner engine operation, extended oil drain intervals, and reliable performance across a wide temperature range.

Recommended for use with:

- ACEA E9, E7, E4, E2
- Volvo VDS-4, 3, 2
- Mack EOS-4.5
- Ford WSS-M2C171-E
- Cummins CES 20081, 20077, 20076
- CAT ECF-3, ECF-2, ECF-1-a

**PROTECH**

#### AVAILABLE PACKS

## DIESEL ENGINE OIL

### SAE: 20W50 API CI-4/SL

MORTEX 20W50 CI-4/SL is a high-performance, heavy-duty diesel engine oil specially formulated to meet the rigorous demands of both diesel and gasoline engines. Blended with advanced base stocks and a cutting-edge additive system, it provides outstanding protection against engine wear, oxidation, and deposit formation. Ideal for high-load, turbocharged engines operating in extreme conditions, this oil ensures cleaner engine operation, extended oil drain intervals, and reliable performance across a wide temperature range.

Recommended for use with:

- API CI-4/SL
- ACEA E7, A3/B3/B4
- MB 229.1
- MAN M3275-1
- Deutz DQC III-10
- JASO DH1
- Cummins CES 20076/20077/78
- Global DHD1
- MTU Type 2
- Allison C4
- Caterpillar ECF 1a, ECF 2

**PROTECH**

#### AVAILABLE PACKS

## DIESEL ENGINE OIL

### SAE: 50 API CF-4

MORTEX SAE 50 CF-4 is a heavy-duty monograde diesel engine oil designed for older-generation engines operating under severe service conditions. Formulated with high-quality base oils and performance-enhancing additives, it offers reliable protection against wear, sludge, and oxidation. Ideal for naturally aspirated and turbocharged diesel engines requiring CF-4 performance, this oil ensures stable viscosity at high temperatures, enhanced engine cleanliness, and dependable lubrication in demanding environments.

**PROTECH**

#### AVAILABLE PACKS

## AUTOMATIC TRANSMISSION FLUID DEXRON-IV FULL SYNTHETIC

MORTEX ATF DEXRON IV is a high-performance fully synthetic automatic transmission fluid formulated to meet the demanding requirements of modern automatic transmissions. Blended with premium base stocks and advanced friction modifiers, it ensures smooth shifting, enhanced oxidation stability, and excellent wear protection. Its superior thermal stability and anti-foam properties offer consistent performance under extreme operating conditions, extending transmission life and maintaining peak efficiency over extended service intervals.

### AVAILABLE PACKS

## AUTOMATIC TRANSMISSION FLUID DEXRON-III FULL SYNTHETIC

MORTEX ATF DEXRON III is a fully synthetic automatic transmission fluid formulated with premium, severely hydro processed base stocks and additives that helps provide oxidation and thermal stability, friction control, load carrying ability, corrosion and wear protection. It helps protect against the formation of deposits, sludge, varnish, foam and provide outstanding durability.

### AVAILABLE PACKS

## AUTOMATIC TRANSMISSION FLUID TYPE-A

MORTEX ATF TYPE-A is a multi-purpose transmission fluid, designed for use in automatic gearboxes, where GM Type A Suffix A is quoted. Its special formula enables very smooth operation of torque converters and fluid couplings of automatic transmissions. is suitable for use in automatic transmissions of passenger cars and light duty trucks as well as in other power shift transmissions

### AVAILABLE PACKS

## Continuously Variable Transmission Fluid CVT

MORTEX Continuously Variable Automatic Transmission (CVT) which transfer traction via steel-made traction chains or belts. is specifically formulated for today's technologically sophisticated variable transmissions. It is formulated with premium synthetic base stocks, long-life friction modifiers, special anti-wear additives, and shear stable viscosity modifiers.

### AVAILABLE PACKS

## HEAVY DUTY GEAR OIL

**SAE: 85W140 API GL-5**

MORTEX 85W140 GEAR OIL is a high-performance gear lubricant designed for use in a wide range of automotive applications, including passenger cars, SUVs, light trucks, and vehicles equipped with limited slip differentials. Formulated with high-quality base oils and advanced additives, it delivers outstanding protection against gear wear, oxidation, and thermal breakdown. Its excellent load-carrying capability and shear stability ensure smooth operation and extended gear life, even under severe driving condition

### AVAILABLE PACKS

## HEAVY DUTY GEAR OIL

**SAE: 80W90 API GL-5**

MORTEX 80W-90 GEAR OIL is an extra high performance automotive gear lubricant specially developed for use in modern high-performance passenger cars, sports utility vehicles, vans and light-duty trucks with limited slip differentials. It is manufactured from premium quality base oils and advanced performance additives to provide exceptional protection against thermal degradation.

### AVAILABLE PACKS

## HEAVY DUTY GEAR OIL FULLY SYNTHETIC

**SAE: 75W90 API GL-5**

MORTEX 75W90 GEAR OIL is a high-performance fully synthetic gear lubricant designed for use in a wide range of automotive applications, including passenger cars, SUVs, light trucks, and vehicles equipped with limited slip differentials. Formulated with high-quality base oils and advanced additives, it delivers outstanding protection against gear wear, oxidation, and thermal breakdown. Its excellent load-carrying capability and shear stability ensure smooth operation and extended gear life, even under severe driving condition

### AVAILABLE PACKS

## HEAVY DUTY GEAR OIL

**SAE: 140 API GL-4**

MORTEX GEAR OIL 140 GL-4 is a heavy-duty gear lubricant specifically formulated for manual transmissions, differentials, and final drives requiring API GL-4 performance. Made with high-quality base oils and balanced additive technology, it ensures reliable protection against wear, rust, and oxidation. Its high viscosity provides a strong lubricating film under extreme pressure, making it ideal for high-load, low-speed applications in commercial and off-road vehicles. Delivers smooth gear operation and long-lasting performance even in harsh operating environments.

### AVAILABLE PACKS

## HEAVY DUTY GEAR OIL

**SAE: 90 API GL-4**

MORTEX GEAR OIL 90 GL-4 is a heavy-duty gear lubricant specifically formulated for manual transmissions, differentials, and final drives requiring API GL-4 performance. Made with high-quality base oils and balanced additive technology, it ensures reliable protection against wear, rust, and oxidation. Its high viscosity provides a strong lubricating film under extreme pressure, making it ideal for high-load, low-speed applications in commercial and off-road vehicles. Delivers smooth gear operation and long-lasting performance even in harsh operating environments.

### AVAILABLE PACKS

## HEAVY DUTY HYDRAULIC OIL

### AW-10

MORTEX HYDRAULIC OIL AW-10 is a premium anti-wear hydraulic fluid specially formulated for light-duty hydraulic systems operating under low pressure and temperature conditions. It offers excellent protection against wear, rust, and oxidation, ensuring smooth and reliable performance. Its superior thermal and hydrolytic stability helps extend equipment life and reduce maintenance costs. Ideal for use in precision machinery, small hydraulic systems, and equipment requiring ISO VG 10 grade oil.

#### AVAILABLE PACKS

## HEAVY DUTY HYDRAULIC OIL

### ISO 68

MORTEX HYDRAULIC OIL 68 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications. ing performance even in harsh operating environments.

#### AVAILABLE PACKS

## HEAVY DUTY HYDRAULIC OIL

### ISO 46

MORTEX HYDRAULIC OIL 46 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications. ing performance even in harsh operating environments.

#### AVAILABLE PACKS

### HEAVY DUTY HYDRAULIC OIL ISO 32

MORTEX HYDRAULIC OIL 32 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications. ing performance even in harsh operating environments.

#### AVAILABLE PACKS

**BRAKE FLUID**

**DOT-4**

MORTEX BRAKE FLUID DOT 4 is a high-quality brake fluid formulated to meet the performance requirements of DOT 4 specifications. It provides reliable and consistent braking performance across a wide range of temperatures, offering excellent protection against vapor lock, corrosion, and brake system wear. Suitable for use in disc, drum, and ABS brake systems of passenger cars and light commercial vehicles, it ensures safe and responsive braking under both normal and demanding driving conditions.

**AVAILABLE PACKS**

**BRAKE FLUID**

**DOT-3**

MORTEX BRAKE FLUID DOT 3 is a high-quality brake fluid formulated to meet the performance requirements of DOT 3 specifications. It provides reliable and consistent braking performance across a wide range of temperatures, offering excellent protection against vapor lock, corrosion, and brake system wear. Suitable for use in disc, drum, and ABS brake systems of passenger cars and light commercial vehicles, it ensures safe and responsive braking under both normal and demanding driving conditions.
